21. [ ] LIAISON Called Neil Simon, in the office of Representative Fortney H. Stark (D., Calif.), and told him that on the basis of his earlier request I could find nothing about the CIA using "agent red" and "agent blue" in Vietnam. I said I would make another attempt if he could provide more information. He said I should drop it for now, that he would call again if he wanted further help.

22. [ ] EMPLOYMENT REQUEST Received a call from [ ] the office of Senator William L. Scott (R., Va.), relaying to me that "[ ] of our office, was going to look into her employment applications." 25. [ ] LIAISON Jennifer Ward, on the staff of the House International Relations Subcommittee on Africa, chaired by Representative Charles C. Diggs (D., Mich.), called requesting a briefing on Angola. After checking with [ ] NFAC/CSS, we agreed that the briefing would take place on Thursday, 18 May at 9:00 a.m. in H 236, The Capitol. The principal briefer will be [ ] hief, ORPA, Africa Division.

26. [ ] MMP) LIAISON Lou Hunter, GAO, International Division, called requesting a meeting with [ ] OGC, to review copies of our agreements with our oversight committees in support of our responsiveness to the Case Act. The GAO officers interested in talking to [ ] are John Filan and Amy Belasco. I said I would look into it and get back to him.

27. [ ] LIAISON Saw Loch Johnson, House Permanent Select Committee on Intelligence staff, who asked for responses to three questions from Chairman Les Aspin (D., Wis.), Subcommittee on Oversight. (1) Has the CIA ever had anything to do with the "Bermuda iceberg?" I asked Mr. Johnson whether he was referring to the enormous iceberg that I had heard had cut loose from the Arctic region and currently is floating through the Atlantic toward Africa. His answer was yes and that Chairman Aspin had heard that CIA had made some kind of technical use [ ] After checking with Zeke Zellmer, Associate Deputy Director, DDS&T, Don Gregg, SA/DO/O, and [ ] Chief, OSO, I informed Mr. Johnson that I could not find any indication of CIA's ever having used the "Bermuda iceberg." (2) Mr. Johnson said that Chairman Aspin had heard that there had been an Agency report on the possibility of establishing U.S. military bases [ ] After checking with [ ] NFAC/CSS, Don Gregg, SA/DO/O, and [ ] I told Loch that I could find no evidence that we had ever written a report on that subject. And (3) Chairman Aspin was concerned about an FOIA request made by the Daily Cardinal, a newspaper of the University of Wisconsin in November 1977; Mr. Johnson asked for the status of this request. After checking with [ ] Information and Privacy [ ] I informed Loch that Chairman Aspin had already made the same request through his personal office and had been told that either the final answer or an interim reply would be prepared within two weeks. I further explained to Loch that the Daily Cardinal request was not really an FOIA request rather it was a research request which CIA has a policy of supplying. I further explained the complexities involved in answering broad range research projects such as these and in the process was able to enlighten Mr. Johnson on the FOIA problems confronted by the Agency.
